

81 Years and Over

Medical Declaration Form

Effective 28 July 2011

Important Information to read **before** completing this form:

Travellers aged 81 years and over

If you are 81 years of age or over (at the date of application), we are unable to provide cover under this travel insurance policy unless you have received an offer from us in writing.

This document allows you to apply for:

- Travel Insurance coverage for a particular Journey and
- Cover of Pre-existing Medical Conditions under that policy.

Our medical assessors will consider a series of factors in assessing your application including your age, destination, itinerary, duration of the Journey, mode of transport, medical information supplied, and any other factors specifically relevant to your application.

Please be aware that our offer of cover may include limitations to the benefits of your policy. These include (but are not limited to):

- capping your maximum claimable benefit and
- increasing your excess and
- excluding specific medical conditions

We retain the absolute right to decline cover.

To apply for cover:

1. Read the Pre-existing Medical Condition information below, detailing the situations and medical conditions for which cover is never available, and ensure that this is acceptable to you.
2. Complete page 2 of this document.
3. Have pages 3 and 4 completed by your regular doctor.
4. Forward pages 2, 3 and 4 to us for assessment. We will provide you with the outcome of your assessment within 1 business day, provided that all pages are completed in full and signed.

Pre-existing Medical Conditions

Please read this section carefully.

Travel Insurance only provides cover for emergency Overseas medical events that are unforeseen. Medical conditions that were pre-existing at the time of the policy being issued are not covered, unless they are a condition that we expressly agree to cover.

If you have a Pre-existing Medical Condition that is not covered, we will not pay any claims arising from, related to or associated with that condition. This means that you may have to pay for an overseas medical emergency which can be prohibitive in some countries.

See pages 9 to 14 of the PDS for more details.

What is a Pre-existing Medical Condition?

A Pre-existing Medical Condition means:

- a) An ongoing medical or dental condition of which you are aware, or related complication you have, or the symptoms of which you are aware;
- b) A medical or dental condition that is currently being, or has been investigated, or treated by a health professional (including dentist or chiropractor) at any time in the past, prior to policy purchase;
- c) Any condition for which you take prescribed medicine;
- d) Any condition for which you have had surgery;
- e) Any condition for which you see a medical specialist; or
- f) Pregnancy

This definition applies to you, your Travelling Companion, a Relative or any other person.

Your condition is not a Pre-existing Medical Condition if it arose after the date of issue of your policy.

Pre-existing Medical Conditions which are automatically excluded

We will not pay any costs or expenses arising directly or indirectly from any of the following Pre-existing Medical Conditions, e.g. cost of medical care while Overseas, or cost of cancellation of your travel plans due to a change in health.

1. Any type of cancer that you have previously been diagnosed with, or secondaries from that cancer
2. Any condition for which surgery/treatment/procedure is planned
3. Any condition which arises from signs or symptoms that you are currently aware of, but:
 - a) You have not yet sought a medical opinion regarding the cause; or
 - b) You are currently under investigation to define a diagnosis; or
 - c) You are awaiting specialist opinion
4. Any condition for which you have undergone surgery in the past 6 weeks

5. Any condition for which you have ever required spinal or brain surgery
6. Any condition which has caused a seizure in the past 12 months
7. Any Chronic or recurring pain (including back pain) requiring regular medication or other ongoing treatment such as physiotherapy or chiropractic treatment
8. Any mental illness as defined by DSM-IV including:
 - a) Dementia, depression, anxiety, stress or other nervous condition; or
 - b) Behavioural diagnoses such as autism; or
 - c) A therapeutic or illicit drug or alcohol addiction
9. Any cardiovascular disease or cerebrovascular disease (see example) if you have
 - a) Experienced angina (chest pain) within the past 6 months; or
 - b) Had a stroke (cerebrovascular accident or CVA) or a Transient Ischaemic Attack (TIA) within the past 12 months
10. Any cardiac or respiratory condition (see examples) if you:
 - a) require home oxygen therapy; or
 - b) will require oxygen for the Journey; or
 - c) have been diagnosed with Congestive Heart Failure
11. Chronic Renal Failure which is treated by haemodialysis or peritoneal dialysis
12. Any AIDS defining illness or any condition associated with immunocompromise
13. Organ transplantation, previous organ transplantation, or any condition for which you are awaiting organ transplantation
14. Any condition for which you have been given a terminal prognosis for any condition with a life expectancy of under 24 months

Examples of three (3) common Pre-existing Medical Conditions are set out below:

Cardiovascular disease:

Medical conditions involving the heart and blood vessels are collectively called cardiovascular disease (CVD). All such conditions are interrelated. If you have ever needed to see a specialist cardiologist, or been diagnosed with a form of CVD such as (but not limited to):

- 1 Aneurysms
- 2 Angina
- 3 Cardiomyopathy
- 4 Cerebrovascular Accident (Stroke)
- 5 Disturbances in heart rhythm (cardiac arrhythmias)
- 6 Previous heart surgery (including valve replacements, bypass surgery, stents)
- 7 Myocardial infarction (heart attack)
- 8 Transient Ischaemic Attack

and you do not purchase adequate cover for CVD, you may not be covered for any claims relating to the heart/cardiovascular system (including heart attacks and strokes).

If any of these conditions are expressly excluded from the policy, all CVD is excluded.

Warfarin Use:

Taking the medication Warfarin (also known under the brand names of Coumadin, Jantoven, Marevan, and Waran) has a complex range of serious complications and side effects. These risks are in excess of those associated with the underlying condition for which you take this medication.

If you are currently prescribed the drug, you must complete a Medical Declaration Form (even if you decide not to apply for cover for a Pre-existing Medical Condition) and we must agree in writing to provide cover.

If you do not submit a completed Medical Declaration Form, the General Exclusion in clause 17 will apply and you will not have cover.

Chronic Lung Disease:

If you have ever been diagnosed with a Chronic lung disease including (but not limited to) Emphysema and Chronic Bronchitis, Bronchiectasis, Chronic Obstructive Airways Disease (COAD), Chronic Obstructive Pulmonary Disease (COPD) or Asthma (if you have another lung disease and are 60 years of age or over at the date of policy issue), and you do not purchase adequate cover for your respiratory disease, you may not be covered for any claims relating to a new airways infection. If a Chronic lung condition is expressly excluded under your policy, all new respiratory infections are also excluded.
